

JINKY SUSON

UI/UX Designer

+63 985 516 2530 | jinkysuson09@gmail.com | Guiuan, Eastern Samar, Philippines | Open to Remote / Freelance Work

PROFESSIONAL SUMMARY

Aspiring UI/UX Designer and Information Technology student with hands-on experience designing user-centered web interfaces in Figma, from wireframes through high-fidelity prototypes. Skilled in user research, usability testing, design systems, accessibility, and interaction design. Combines design thinking with front-end fundamentals (HTML, CSS, JavaScript, React) to bridge the gap between design and development. Eager to contribute creativity, attention to detail, and a fast-learning mindset to a professional design team.

KEY SKILLS

UI/UX Design | Wireframing | Prototyping | User Research | Usability Testing | Design Thinking | Design Systems | Interaction Design | Information Architecture | Accessibility (A11y) | Visual Design | Responsive Web Design | Cross-Functional Collaboration | Problem-Solving | Attention to Detail

TECH PROFICIENCY

Design & Prototyping: Figma, Adobe XD, Framer, Wireframing Tools, UX Research Methods

Web Development: HTML, CSS, JavaScript, React

Core Design Skills: User Flows, High-Fidelity Prototyping, Design Systems, Interaction Design, User Testing, Accessibility (A11y)

RELEVANT PROJECTS

RFID Library System — Personal Project (2024-2025)

- Designed comprehensive RFID-integrated library management system with intuitive admin dashboard and user interface in Figma. Created responsive web design with real-time tracking capabilities and interaction design for enhanced usability and accessibility.

E-Index System — Personal Project (2024-2025)

- Designed and built digital indexing platform using HTML, CSS, and JavaScript. Created clean, responsive interface with advanced search and filtering using information architecture principles for enhanced user accessibility.

Sapao Coast Extensions Case Study — HCI Course Project (2025-2026)

- Designed professional case study website documenting community extension programs. Applied HCI principles and design thinking to structure user-centered content with responsive design and visual design principles.

ESSU GradDocuFlow — Capstone Project (2025-2026)

- Conducted user research and stakeholder interviews to understand administrative workflows and design intuitive digital experience. Built user flows, wireframes, and high-fidelity prototypes in Figma. Applied accessibility (A11y) standards and collaborated with development team using HTML/CSS/JavaScript specifications.

EDUCATION

Bachelor of Science in Information Technology — Eastern Samar State University (2023-2027)

- Dean's Lister (2024-2026)
